St. John's College
FORDHAM, N.Y.

# PROSPECTUS

OF

## ST. JOHN'S COLLEGE, FORDHAM, WESTCHESTER CO., N.Y.

This Institution, incorporated with the privileges of a University by an act of the Legislature, is situated near the village of Fordham, in a most picturesque and healthy part of the county of Westchester, at a distance of about eleven miles from the city of New-York, and three from Harlem It is of easy access at any season of the year, by private conveyances or by the rail-road, which passes immediately along the borders of the beautiful lawn in front of the college.

The buildings are large, elegant and commodious; the grounds extensive and tastefully laid out

As to the domestic comfort of the pupils, everything which parental attention can desire, will be found in the skillful management of persons formed by education and experience for this important and highly responsible department; and with reference to a special case, no apprehension need be entertained as regards the peculiar care required by the younger students.

The system of government is mild and paternal, yet firm in enforcing the observance of established discipline. No student is allowed to go beyond the college precincts, unless accompanied by one of the professors or tutors. Those who have parents residing in the city, will, if such be the parents' wish, be allowed to visit them once in three months, but no oftener, except, for special reasons, as it is in every respect desirable that such visits should, during the college term, be as rare as possible.

The regular course of instruction embraces the Hebrew, Greek, Latin, English and French Languages, Poetry, Rhetoric, History, Mythology, Geography, Book-keeping, Arithmetic, Mathematics, Moral and Natural Philosophy.

When it is the wish of parents or children, that their sons or wards should be fitted for commercial pursuits, care is taken to direct and adapt their studies accordingly.

The German and Spanish languages are taught, if required; but together with Music, Drawing, and other similar accomplishments, form extra charges.

The collegiate year commences on the first Monday of September, and ends about the 15th of July, with a public exhibition and distribution of premiums.

TERMS:

Board and tuition, washing, use of bedding, (which is always furnished by the College) - - $200 per annum, payable half yearly in advance.

N.B.—Henceforward there will be an additional charge of $15 for students remaining during the summer vacation.

Physiciau's fees, $3. Medicines are charged for at the apothecary's rates.

Books, statiouery, &c., are also furnished by the college at current prices, or may be procured by the parents or guardians, residing in the city. No books are allowed circulation among the students, which have not been previously submitted to the supervision, and received the approval of either the President of the College or the Prefect of Studies.

Each studeut, on entering, must be provided with three suits for summer, and three for winter; with at least six shirts, six pairs of stockings, six pocket-handkerchiefs, six towels, three pairs of shoes or boots, a hat, cloak or overcoat, a silver spoon and silver drinking cup, marked with his name.

No advances are made by the institution for articles of clothing, or for any similar expenses, unless an equivalent sum be deposited in the hands of the Treasurer of the College.

With regard to pocket mouey, it is desirable that parents should allow their children no more thau a moderate sum, and that this be left with the treasurer, to be given as prudence may suggest or occasion require.

Students, coming from any foreign country, or from a distance exceeding 500 miles, should have guardiaus appointed in or near the city, who will be responsible for the regular payment of bills as they become due, and be willing to receive the student in case of dismissal.

Semi-annual reports or bulletins shall be sent to parents or guardians, informing them of the progress, application, health, &c. of their children, or wards.

# PROSPECTUS

OF

## ST. JOHN'S COLLEGE, FORDHAM, WESTCHESTER CO., N. Y.

This Institution, incorporated with the privileges of a University by an act of the Legislature, is situated near the village of Fordham, in a most picturesque and healthy part of the county of Westchester, at a distance of about eleven miles from the city of New-York, and three from Harlem. It is of easy access at any season of the year, by private conveyances or by the rail-road, which passes immediately along the borders of the beautiful lawn in front of the college.

The buildings are large, elegant and commodious; the grounds extensive and tastefully laid out.

As to the domestic comfort of the pupils, everything which parental attention can desire, will be found in the skilful management of persons formed by education and experience for this important and highly responsible department; and with reference to a special ease, no apprehension need be entertained as regards the peculiar care required by the younger students.

The system of government is mild and paternal, yet firm in enforcing the observance of established discipline. No student is allowed to go beyond the college precincts, unless accompanied by one of the professors or tutors. Those who have parents residing in the city, will, if such be the parents' wish, be allowed to visit them once in three months, but no oftener, except, for special reasons, as it is in every respect desirable that such visits should, during the college term, be as rare as possible.

The regular course of instruction embraces the Hebrew, Greek, Latin, English and French Languages, Poetry, Rhetoric, History, Mythology, Geography, Book-keeping, Arithmetic, Mathematics, Moral and Natural Philosophy.

When it is the wish of parents or guardians, that their sons or wards should be fitted for commercial pursuits, care is taken to direct and adapt their studies accordingly.

The German and Spanish languages are taught, if required; but together with Music, Drawing, and other similar accomplishments, form extra charges.

The collegiate year commences on the first Monday of September, and ends about the 15th of July, with a public exhibition and distribution of premiums.

TERMS:

Board and tuition, washing, use of bedding, (which is always furnished by the College) - - - $200 per annum, payable half yearly in advance.

N.B.—There is an additional charge of $15 for students remaining during the summer vacation.

Physician's fees, $3. Medicines are charged for at the apothecary's rates.

Books, stationary, &c, are also furnished by the college at current prices, or may be procured by the parents or guardians, residing in the city. No books are allowed circulation among the students, which have not been previously submitted to the supervision, and received the approval of either the President of the College or the Prefect of Studies.

Each student, on entering, must be provided with three suits for summer, and three for winter; with at least six shirts, six pairs of stockings, six pocket-handkerchiefs, six towels, three pairs of shoes or boots, a cloak or overcoat, a silver spoon and silver drinking cup, marked with his name.

No advances are made by the institution for articles of clothing, or for any similar expenses, unless an equivalent sum be deposited in the hands of the Treasurer of the College.

With regard to pocket money, it is desirable that parents should allow their children no more than a moderate sum, and that this be left with the treasurer, to be given as prudence may suggest or occasion require.

Students, coming from any foreign country, or from a distance exceeding 500 miles, should have guardians appointed in or near the city, who will be responsible for the regular payment of bills as they become due, and be willing to receive the student in case of dismissal.

Semi-annual reports or bulletins shall be sent to parents or guardians, informing them of the progress, application, health, &c., of their children, or wards.

## ST. JOHN'S COLLEGE, FORDHAM, WESTCHESTER CO., N. Y.

This Institution, incorporated with the privileges of a University by an act of the Legislature, is situated near the village of Fordham, in a most picturesque and healthy part of the county of Westchester, at a distance of about eleven miles from the city of New-York, and three from Harlem. It is of easy access at any season of the year, by private conveyances or by the rail-road, which passes immediately along the borders of the beautiful lawn in front of the college.

The buildings are large, elegant and commodious; the grounds extensive and tastefully laid out.

As to the domestic comfort of the pupils, every thing which parental attention can desire, will be found in the skilful management of persons formed by education and experience for this important and highly responsible department; and with reference to a special case, no apprehension need be entertained as regards the peculiar care required by the younger students.

The system of government is mild and paternal, yet firm in enforcing the observance of established discipline. No student is allowed to go beyond the college precincts, unless accompanied by one of the professors or tutors. Those who have parents residing in the city, will, if such be the parents' wish, be allowed to visit them once in three months, but no oftener, except for special reasons, as it is in every respect desirable that such visits should, during the college term, be as rare as possible.

The regular course of instruction embraces the Hebrew, Greek, Latin, English and French Languages, Poetry, Rhetoric, History, Mythology, Geography, Book-keeping,– Arithmetic, Mathematics, Moral and Natural Philosophy.

When it is the wish of parents or guardians, that their sons or wards should be fitted for commercial pursuits, care is taken to direct and adapt their studies accordingly.

The German and Spanish Languages are taught, if required; but together with Music, Drawing, and other similar accomplishments, form extra charges.

The collegiate year commences on the first Monday of September, and ends about the 15th of July, with a public exhibition and distribution of premiums.

TERMS:

Board and tuition, washing, use of bedding (which is always furnished by the College) . . . . $200 per annum, payable half yearly in advance.

N. B.—There is an additional charge of $15 for students remaining during the summer vacation.

Physican's fees, $3. Medicines are charged at the apothecary's rates.

Books, stationery, &c., are also furnished by the College at current prices, or may be procured by the parents or guardians, residing in the city. No books are allowed circulation among the students, which have not been previously submitted to the supervision, and received the approval of either the President of the College or the Prefect of Studies.

Each student, on entering, must be provided with three suits for summer and three for winter; with at least six shirts, six pairs of stockings, six pocket-handkerchiefs, six towels, three pairs of shoes or boots, a cloak or overcoat, a silver spoon and silver drinking-cup, marked with his name.

No advances are made by the institution for articles of clothing, or for any similar expenses, unless an equivalent sum be deposited in the hands of the Treasurer of the College.

With regard to pocket money, it is desirable that parents should allow their children no more than a moderate sum, and that this be left with the treasurer, to be given as prudence may suggest or occasion require.

Students coming from any foreign country, or from a distance exceeding 500 miles, should have guardians appointed in or near the city, who will be responsible for the regular payment of bills as they become due, and be willing to receive the student in case of dismissal.

Semi-annual reports or bulletins shall be sent to parents or guardians, informing them of the progress, application, health, &c., of their children or wards.
